A very good evening to all of you.....

With a feeling of pride, happiness and satisfaction I am before you to present the annual report in brief. Through 15 years of togetherness, team work, dedication and commitment Le mer is one among the prominent educational institutions of Thrissur district. I thank Almighty God for the blessings showered upon this institution and its stake holders during the course of its journey. I thank our Chief Patron Padmasree M. A. Yousaffali for his support and guidance in the development of Le mer.

Education is a team work. It is constructive discipline that aims at grooming the future global citizens as true human beings. Here the role of parents and teachers is very important. The goal can be achieved by their joint effort only.

At school various scholastic and co-scholastic activities are scheduled in a sequential order throughout the year. It is a blend of conceptual learning along with entertainments for the mind and body of the students. A replica of what Le mer does for the students is reflected in this Annual Report.

Le mer Kinder Garten

Our aim is to provide a gentle first step to make our children self-reliant. We provide a family like structure, a warm, friendly, affable and comfortable atmosphere for each and every child. Together we aim to assist the children to develop into confident and well balanced adults. Children here are really fortunate as our KG is a real HOME AWAY FROM HOME. The activities are age-appropriate and meant for the holistic development of our children. For academics we follow activity oriented textbook. We have interactive smart rooms for all classes in KG.

The Kinder Garten begins with Acclimatization programme, a three day programme for familiarizing kids with the school atmosphere. Parents were given awareness class on childrearing.

Colour days were celebrated once in every month. All important days and festivals were celebrated in KG section with great pomp to groom the children with all round development. Learning is made interesting with activity oriented methods where children learn by doing.
